Dear Hiring Manager,

I would like to introduce myself as Siddharth V Vijaykumar, a fresh law graduate from the Integrated BLS LLB 5 Year Course, Batch of 2023 at Government Law College, Mumbai. I am an ambitious, passionate and innovative individual seeking to make my mark in the legal sphere. I feel that I am at an exciting phase in my life, unbound and on the lookout for the ample opportunities that the legal field has on offer. I understand that your organization is on the lookout for law graduates and I feel that the skills and knowledge that I have acquired as a result of my academic and internship experiences, as can be seen from my Resume, can be put to productive and good use at your esteemed firm, Spice Route Legal.

In my first two internships, I feel that I got a great introduction to the legal profession, as I was tasked with a lot of research work in the civil litigation sphere. I was also given the responsibility quite early on to draft certain appeals and rejoinders based on the case and the client's requirements and assist the senior advocates in drafting as well. It was a great learning experience. Additionally, I was also exposed heavily to court procedure and how proceedings took place at the Madras High Court and City Civil Court. In my third internship, I got a feel of corporate culture, communicating with clients, drafting and reviewing commercial agreements such as vendor agreements, license agreements, lease agreements, non-disclosure agreements, etc., for clients, and preparing compliance requirement reports. It entailed a lot of research and I felt that I substantially built up my research and drafting skills here. In my other internships, I was exposed to fields like bankruptcy law and indirect taxation laws, which has served me well since they were exciting and looked to give me enhanced responsibilities and opportunities to enhance my skills.

My foremost interests have always been to look out for the best interests of the firms I worked for, and helping them achieve their goals in the most efficient manner possible, thereby leading to client satisfaction. I would also like to contribute productively to the growth of the organization I work for, whether it be through the work I do or the innovative ideas I can bring to the table, which would provide me with immense satisfaction as well. For these reasons, I feel that I am best suited to be considered for a position at your esteemed firm, which would lead to my personal growth as well. Thank you for your time and consideration. I look forward to hearing from you soon.

Yours Sincerely,

Siddharth. V. Vijaykumar
