

Dear Hiring Manager,

My name is Nibha Yadav. I am a fifth and final year law student at SVKM's Pravin Gandhi College of Law, Mumbai University. I am writing to express my interest in securing an assessment internship in the Corporate and Mergers & Acquisitions team at your coveted firm in Mumbai. I am excited about the prospect of working with a firm that values legal acumen, strategic thinking, and unwavering dedication to excellence.

I have acquired suitable work experience in the realm of Capital Markets, Mergers & Acquisitions, Private Equity and Venture Capital. To put it briefly, during my assessment internship with the Capital Markets team at Bathiya Legal under the guidance of Ankit Davda and Prachi Naik, I conducted research on Alternative Investment Funds and identified the most suitable structural approach for their incorporation. Further, my assessment internship at Luthra & Luthra Law Offices with Nishant Singh's team provided me with the opportunity to perform comprehensive due diligence on target companies. This entailed the examination of various documents pertaining to corporate indebtedness, licenses, registrations, contracts, and more, enabling a thorough assessment of the company's financial well-being. Furthermore, I have honed my analytical and research skills through a Diploma course on M&A, Institutional Finance & Investment Laws.

I am confident that my months of experience while working with the coveted law firms and my academic knowledge will enable me to make a valuable contribution to your firm. Please find enclosed my CV for your kind perusal. I can be reached via email at nibhayadav700@gmail.com or by phone at 7021712576.

I sincerely hope that my application is considered suitable for this opportunity. Conversely, in the absence of an available position within the Corporate and M&A team, I would appreciate it if my application could be considered for your firm's Fintech team.

Thank you for your time and consideration.

Sincerely,

Nibha Yadav.
